SPRING HAS SPRUNG... FRESH IDEAS...

Roland

**Roland
VG3
Print/Cut
Price
Reductions**

When sign and graphics professionals demanded even more from Roland's TrueVIS large format inkjet printer/cutters, they answered. With automated features, added usability, and even greater color choice, TrueVIS VG3 printer/cutters have been greatly enhanced to further exceed the print quality, productivity, and uncompromising needs of today's sign and graphics professionals.

Over the last year, many placements of this printer with expanded color gamut and Roland's fantastic print/cut have created a lot of happy Roland customers!

And now, these printers are being offered for an even lower price. The VG3-540 is now \$12,495 (+ink, install and shipping) and the VG3-640 is \$14,495 (+ink, install and shipping).

If you haven't been in to see these printers, you should definitely check them out!

Gravotech Laser Engraver Tables

Gravotech's LS900 industrial laser engraver comes in CO2, Fiber, or Edge (dual sources). They're ideal if looking for a fast laser engraver or laser cutter. It's the unique engraving surface on the market that allows you not only to work with standard semi full sheets 24 x 24 but also take advantage of the 9.84 in height z-axis making bulky objects easier than ever. The working space becomes even easier thanks to the pass-through, the smallest machine on the market to feature this, making this ideal for both individual projects and even small batch work, with most objects able to fit.

Call 888-865-0300 or email info@tyrrelltech.com for more info.

COOL TOOLS...

Color Management in the Palm of Your Hand

Check out this super cool color management tool- the Nix Spectro L - 5mm Aperture... but... what the heck is it?

The Nix Spectro L is a handheld portable color capture device that connects to your cell phone via a free app and grabs color on site at a customer job.

This little dude collects 9-channel spectral data (upscaled to 31 channels) across the visible spectrum (400-700 nm). It has densitometer, quality control, and library management capabilities and is capable of measuring down to 16 mm size samples.

Compatible with the free Nix Toolkit app, this hand held swiss army knife for color can be all yours for just \$479.

Sound too good to be true? Find out for yourself!

Email info@tyrrelltech.com or call 888-865-0300 today!

REPEAT DIRECT TO FILM SPOTLIGHT

Roland BY-20 DTF Printer
\$1500 OFF!*
Only at TyrrellTech!
See More Inside...

TyrrellTech is juuuuuuuust a little overstocked in our Maryland warehouse with three BY-20s that need a happy home. So, the first three customers who place deposits and jump on this sale will have the chance to save \$1,500.

Regularly priced at \$8,495, these three BY-20s are yours for \$6,995 + ink, install and shipping.

Simple to use, reliable and efficient, the BY-20 makes decorating apparel and accessories with vibrant, detailed graphics quick and easy – even for those with no prior printing experience.

Call 888-865-0300 or email info@tyrrelltech.com to jump on this deal- first come, first served!

BUNDLE AND SAVE...

ONYX Go Subscription RIP- 1/2 Price

ONYX Go is a month-to-month, no contract, ONYX RIP subscription with everything a print shop needs to get started in wide-format printing. Modeled on the same platform as ONYX Thrive, ONYX Go provides the same user experience and available tools delivered as a subscription.

Roland users have the Versaworks RIP in the box, and Mimaki users have the Rasterlink RIP in the box... but, having more tools in the toolbox is never a bad thing. Onyx software offers expanded color table options and advanced features.

If you are interested in adding the Onyx Go

RIP to your toolbox, consider this offer- With any CJV200 or VG3 Purchase through TyrrellTech, you can get one year of Onyx Go for half price- making it \$550. Give it a try and see if you love it. If not, you always have the other RIP to work with.

Call 888-865-0300 or email info@tyrrelltech.com to learn more or to sign up for Onyx GO or a Printer Bundle!

Roland's New TY-300 30" DTF Printer!

Unleash unparalleled DTF performance and productivity with the Roland TY-300. This powerhouse direct-to-film printer delivers stunning graphics and bold designs for heat transfer onto a wide range of materials, including cotton, polyester, denim, nylon, rayon, and more. Transform custom apparel and

textiles with technology that enables you to produce vibrant colors, razor-sharp text, and fine details with unprecedented cost effectiveness, speed, and efficiency.

The TY-300 offers higher print quality than the competition – reproduces colors, detailed images, and even smaller text with amazing accuracy. The TY-300 can print at speeds up to four times faster than competitive models, allowing for optimum productivity. Low running costs and reduced ink consumption during printing/cleaning make the TY-300 more cost-efficient than other DTF printers. This printer creates durable apparel and textiles with a "soft hand" feel, natural finish, and outstanding washability.

Call 888-865-0300 or email info@tyrrelltech.com to see one in action today!

FUN HEAT TRANSFER THINGS TO TRY...

Siser's DiamondDust Heat Transfer Vinyl

Siser has some new Easy® Puff Metallic colors available for purchase: Tiger Lily, Dusk Blue, Golden Rose, and Bronze.

All four new colors feature the same stunning, 3D puff effect and shiny finish as Siser's previous two colors, Silver and Gold. As a reminder, Easy Puff Metallic colors require a 2-step application process: press once for 10 seconds, peel the carrier warm, then press a second time for 10 more seconds to activate the puff effect.

Wanna get that super cool puff look with some nice metallic colors? Siser has them for you! Below is the entire color chart from the Siser puff line-- lots and lots of colors to choose from!

Pricing-
12" x 5yds
\$42.86
